Enviadas

Stefania Gencarelli

Tech Operations - Saks

22 de abril de 2020, Stefania trabajaba con Karl, pero en distintos equipos

Karl is a customer-first leader, and at HBC, Karl was a long-time, trusted IT partner for me. Though Karl's team included members that were both International and remote, it was never noticeable as everyone was passionate about delivering results and ensuring their internal customer had all the data points that were needed. With Karl's help we were able to help our teams have access to data that was valuable to them, which led to greater efficiencies across multiple teams. It was great working with Karl and I do hope we have the opportunity to work together again!

Sridhar Peri

Salesforce.com Solution Architect

24 de marzo de 2020, Sridhar trabajaba con Karl en el mismo equipo

Karl is a first rate Technical Architect, combining great technical skills, with an innate eye for detail keeping the usability factor at the top of mind always. Extreme commitment, a pleasant and positive disposition and his never give up attitude, make him a great person to work with. He is a great asset to any team that he joins!
